Exzellenz-Hotel®

Our charming, individually appointed city hotel is welcoming you from our central location.

Fully furnished rooms in 2 categories, grand Art Nouveau in combination with modern facilities and a carefully composed breakfast buffet wishing you a warm welcome in Heidelberg.

As a family-run business we particularly care for your individual needs, because home is where you feel at ease.

We combine modernity with tradition. In the stairwell, grand windows in Art Nouveau create colourful highlights.

Our lobby has magnificent pillars indicating the building's heritage and year of construction, the year 1900.

You can find interesting details throughout the hotel, like contemporary art or extraordinary lights. The modern furniture and features complement in perfect harmony the relics of yesteryear.

The impressive Art Nouveau building in the Rohrbacher Straße has a hotel tradition dating back more than 100 years.

The rooms and bathrooms have undergone a complete refurbishment and are now tastefully designed with style and are of the latest standard.

Each room is unique in its design with strong lines dominating: High ceilings with period features stand in beautiful contrast to the classic modern furniture in black and white which give the rooms its special atmosphere.

Single and double rooms are available in the categories Standard and Studio, as well as rooms with three beds.

Our Studio Rooms contain a fully-equipped kitchenette, including a fridge, and are accessible by lift.

A fully-equipped conference room is available for hire. Depending on seating, it can host 20-40 people.

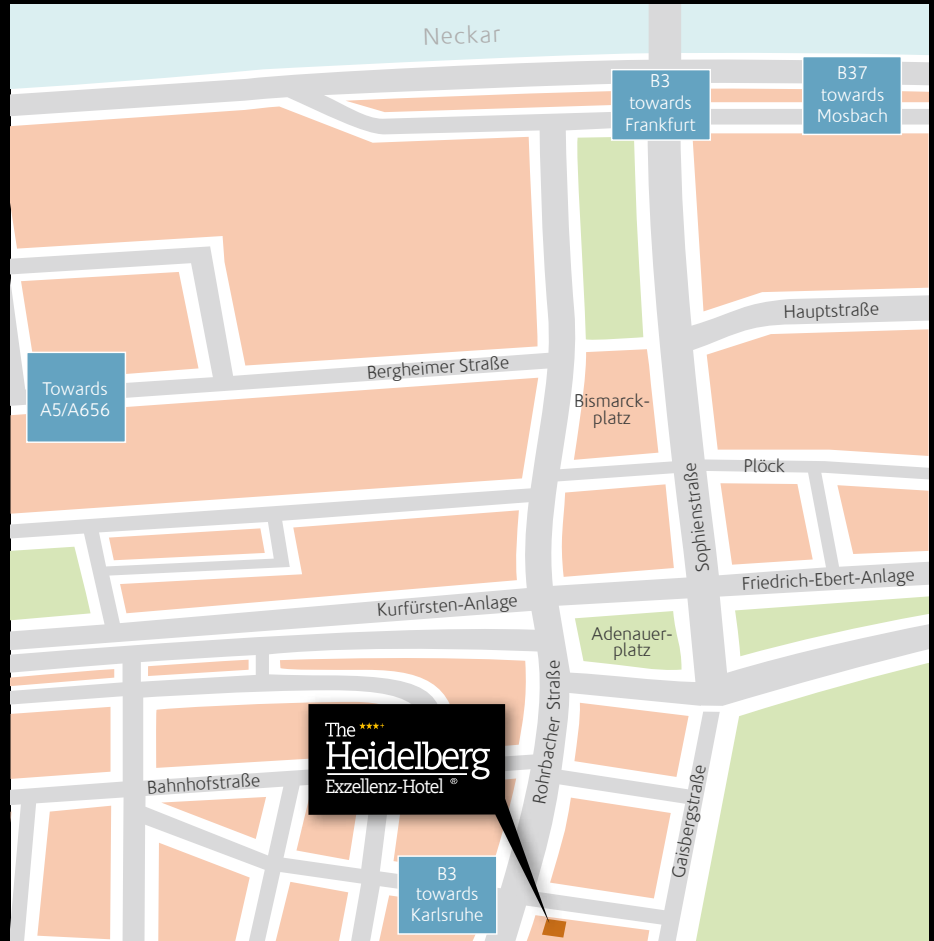

All rooms of our hotel are appointed with a high standard:
